THE STORY

Ifor Williams offers a superbly engineered range of horsebox trailers with an all-aluminium body and streamlined designs.

The soft curves and unique floating roof design merge together to offer stunning lines, complemented further by the large stylish front window. All of these elements together give the **HBX** range a highly recognisable, unique and iconic design.

Trailer exteriors of the **HB** range have a striking overall appearance which complements popular models of 4x4 vehicles on the road today. However, the beauty of our horsebox is not just skin deep, the comfort and safety of your horse has always been our main consideration in the design of our horsebox range.

Since 1958, people have put their trust in our trailers, just ask an owner - they're not difficult to find. With 60 years of engineering experience we proudly present this truly exceptional horsebox. As befits the latest addition to the prestigious **HB** range, the **HBX** builds on the decades of expertise and knowledge of Ifor Williams Trailers while simultaneously introducing a striking new design that sets it apart.

The result reflects our investment in new technologies, processes and materials that ensure our products continue to exceed our customers' expectations. For the discerning horse owner, no other horsebox trailer comes close.

DESIGNED FOR YOUR HORSE

In the development of the beautifully engineered HBX range, as well as creating a stunning trailer to look at, the ultimate objective was to produce a horsebox that delivers the highest levels of comfort and safety for your horse. Every detail has been meticulously considered to ensure every journey is smooth, comfortable and effortless.

Our dedicated design team has created a stunning range of horseboxes with a sophisticated new aesthetic that reflects the look of today's most desirable SUV's. Soft curves flow into each other in an elegant display of aerodynamic styling.

Carefully selected materials and superb attention to even the smallest detail means our HBX is safe and strong whilst being extremely attractive on the road. It's all part of our assurance of quality, strength, value and easy maintenance that make Ifor Williams Trailers the obvious choice.

The HBX range features three models - one suitable for single horse transport and two different sized double horseboxes.

HOW WE ORDER YOUR BOX

WHEN MAMPRO SA ORDER HORSE BOXES FROM IWT UK WE ORDER THEM IN CONTAINERS BY LOADS OF THREE. THIS LOAD WILL USUALLY CONTAIN 2X HB511/HBX511'S AND 1X HB506/HBX506

THE SHIPPING ROUTE OF AN ORDERED CONTAINER IS SHOWN IN THE IMAGE ABOVE. THE CONTAINER IS DISPATCHED FROM A UK DOCK AND SENT ON ITS WAY TO CAPE TOWN. A CONTAINER USUALLY TAKE 21 DAYS TO ARRIVE AT CAPE TOWN. AS MANY WILL KNOW THE CAPE TOWN DOCK IS INCREDIBLY UNRELIABLE, MAKING OUR TIMINGS FOR LOADS VERY UNPREDICTABLE. LOADS OFTEN BYPASS CAPE TOWN AND HEAD STRAIGHT TO DURBAN WHERE IT MAY SIT FOR UP TO TWO WEEKS BEFORE IT TAKES ANOTHER 3 DAY JOURNEY TO REACH CAPE TOWN. ONCE THE CONTAINER IS DISPATCHED FROM CAPE TOWN HARBOUR IT ARRIVES WITH MAMPRO SA IN DARLING, WESTERN CAPE. WE MAKE SURE THAT YOUR BOX IS 100% READY FOR DELIVERY. THIS CAN TAKE 2-3 DAYS BEFORE WE ARE READY TO DELIVER YOUR DREAM BOX RIGHT TO YOUR DOOR. THEREFORE, WE OFTEN GIVE TIME ESTIMATIONS AND WE WILL BE IN CONSTANT COMMUNICATION AS AND WHEN WE GET UPDATES!

We encourage potential clients to place advanced orders and pay deposits, so we can keep orders arriving and get your horse box to you as quickly as possible! Due to demand we rarely have stock on the ground.
